Dear Jim:

You may recall our correspondence regarding the releasability of certain map materials produced by the Agency. From that correspondence and from subsequent conversations with some of your associates, I understand that reproductions of individual maps can be made available on a one-at-a-time basis.

Recently we received selections of a country map series that are of substantial interest to us, and we would like to ask whether we could obtain appropriate film positives of one of these. I refer to a map of N. Vietnam that carries several special-subject maps in the margin at smaller scale. If a corresponding sheet for S. Vietnam could be considered as part of the same map, we'd like very much to obtain those films as well.

If you could let me know about the availability of these items, I'd greatly appreciate it.

Sincerely yours
RAND McNALLY & COMPANY
